## Throttle dumper

Item number	Applicable hose	Airflow adjustment range(L/min)	Size (mm)		Mass (g)	Accessory
			Outer diameter	Depth		
SD125	φ125	100~60	φ128	82	400	SR-band sealing material

Note) 1. Please insert by expanding the hose tip to φ130mm.  
 2. Do not throttle the dumper too much; the airflow may get reduced to inhibit normal operation.

## Cosmetic ring

## Soft ring

Item number	Applicable hose	Size (mm)				H
		φ A	φ B	t	H	
SCAP55	φ 55	55	61	1.9	30	
SCAP65	φ 65	65	71			
SCAP75	φ 75	75	81			
SCAP80	φ 80	80	88	2.0	37	
SCAP100	φ100	100	106			
SCAP125	φ125	125	131			
SCAP150	φ150	150	156	2.3	45	
SCAP175	φ175	175	181			
SCAP200	φ200	200	206			
SCAP225	φ225	225	235	2.5	50	
SCAP250	φ250	250	260			
SCAP300	φ300	300	310			
SCAP350	φ350	350	360	3.0	50	
SCAP400	φ400	400	410			
SCAP450	φ450	450	460			
SCAP500	φ500	500	510	3.0		

Note) Made of hard polyvinyl chloride resin(S-PVC), black colored.  
 For fixing the ring, please use an adhesive (we request our customers to purchase the adhesive by themselves).

## Hard ring

Compliant with RoHS Directive

Item number	Applicable hose	Size (mm)					PVC black	PP black	ABS black	Made of PVC, separately ordered color	Made of ABS, separately ordered color
		φ A	φ B	t	H	h					
HCAP75	φ 75	74	81	2.0	30	20	○	○		Light blue	
HCAP90	φ 90	89	96		32	22	○	○		blue	Light blue
HCAP100	φ100	99	107	2.5	33	23	○	○	○		
HCAP125	φ125	123	133				○	○	○	Light blue, blue, grey, ivory	
HCAP150	φ150	149	157	2.0	23	○	○	○	Grayish blue, ivory		
HCAP175	φ175	174	181	2.5	34	24	○	○	○	Orange

HCAP300	φ300	299	311				○	○	○		

Note) 1. When placing your order, please clearly describe the item number followed by the material name, and please also make sure to specify the preferred color when ordering a product made of PVC. For fixing the ring, please use an adhesive (we request our customers to purchase the adhesive by themselves).  
 2. For fixing products made of PP, please use an adhesive that supports products made of polypropylene (we request our customers to purchase the adhesive by themselves).  
 3. PVC standard products and those made of PP can only be offered in black color.

## Dew prevention tape

Note) W represents white, and B represents black.

Item number	Material	Size (mm)		
		Thickness (mm)	Length (m)	Width (cm)
NT-05DW	Foamed polyethylene of the expansion ratio of 10	2	21	5
NT-10DW				10
NT-05DB				5
NT-10DB				10

## Dew prevention cover

Note) Both dew prevention tape and cover are produced for the purpose of preventing dew condensation upon the hose surface, but in case the environment is humid or hot in particular, the dew prevention capability may not be sufficient.

Item number	Applicable hose	Size (mm)		Material
		Inner diameter	Length	
HC125	φ125	φ130	1,500	Urethane foam 5t (black)
HC150	φ150	φ155		
HC200	φ200	φ205
